MC Upgrade - 10.1.16

ⓘ This component release is part of MarvelClient 10.1

We also added more documentation, which you can find here: MarvelClient Upgrade

MCUpgrade.exe

NEW	Added 11 more hashes for MCUpgrade Free customers: • The initial release license only covered 10.0.1 basic in english, no other languages - now added 9 more • The initial release license only covered 10.0.1 FP1 for standard clients, now added basic, too • The initial release license only covered MUI pack for standard clients, now added basic, too For further details, including all software access catalog part numbers, see Installers covered by MarvelClient Upgrade Free
CHANGE	MCUpgrade.exe now supports running an upgrade without keyfile if LocalAdmin(Fallback) are allowed in config wizard
FIX	Fixed a bug where MCUpgrade.exe did not deploy MCUpgrade.dll when using Admin elevation and hence possibly necessary copying of file permission failed
ENHANCEMENT / NEW	MCUpgrade Progress Visualization is now available in English, German, Spanish, Italian, Japanese, Russian, Czech and Dutch (MCUpgrade works with ALL languages; this is just for progress display)

MCUpgradeMain.exe

CHANGE	At end of an Upgrade MCUpgradeMain.exe now logs whether there was nothing to restore regarding DisallowRun/RestrictRun
ENHANCEMENT	MCUpgradeMain will now include and upgrade MCUpgradeService.exe if older (=stop service, attempt replacing executable for up to 20 seconds and start service again)
