

MC Analyze - 20190702093100

 This component release is part of [MarvelClient 10.1](#)

FIX	Fixed an issue where the form to display documents created by HW/SW Inventory agent would have issues displaying large lists.
FIX	Fixed an issue where the Audit agent would fail when processing very large XML files.
ENHANCEMENT / NEW	Added server version to Audit agent log files.
ENHANCEMENT / NEW	Added a new silent option for Analyze database error logging.
NEW	The HW/SW Inventory agent now also collects details about Windows Update. This can be used to find out if critical security patches have been installed.
