How to use the Focus Group

A Focus Group is a group of important users in your organizations.

> ℹ️ The User who gets the *Important User* role assigned needs to have the TrueDEM Manager >= v6.1 installed and it requires TrueDEM agent version 1.20 or up.
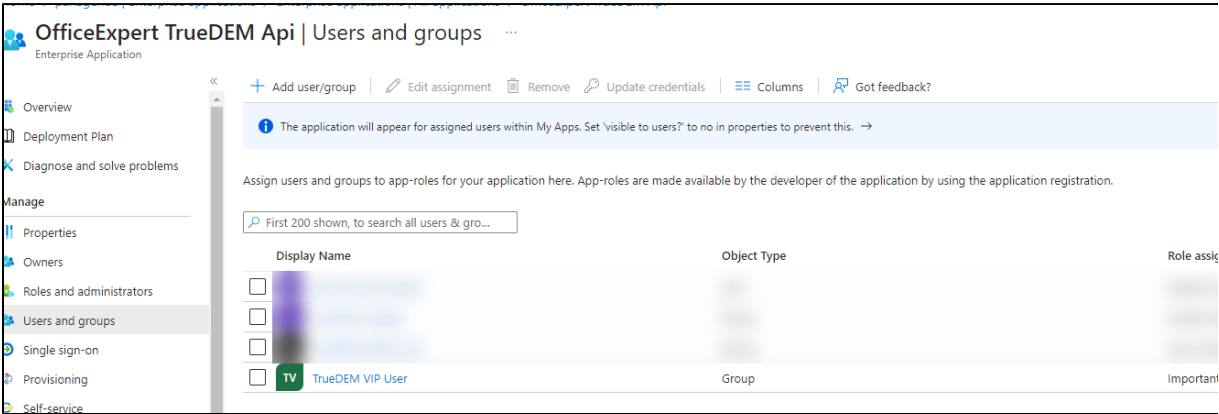

Configuration

The configuration must be done on the **OfficeExpert TrueDEM API** Enterprise Application within your Entra ID tenant

- Navigate to the *OfficeExpert TrueDEM API* app within Microsoft Entra ID
- Select the *Users and Groups* tab
- Select a group or individual people
- Select Roles - and pick *Important User*

Final Picture

Note: It can take some time until the User can be looked up by the *Focus Group only* checkbox on User Search
