Bug Fixes

Database Ranking: An issue has been fixed where database usage ranking was calculated incorrectly for some DBs.

Structural Changes / Upgrade Path

Data Warehouse Rebuild Required

DWH Rebuild Required

After installing the update, parts of the application may not be available until the data warehouse is rebuilt. This process runs automatically at night, but can be triggered manually after the update. On the first login after the installation, more information on this topic will be displayed, along with the option to trigger the rebuild.

Upgrade Procedure: Container Installer

Details on how to update to this new version can be found in the knowledge base article [Upgrading iDNA Applications](#).
