

# Code Insights Masterclass (Video)

In this video, panagenda CEO Florian Vogler will provide you with a deep insight into complex code analysis using ApplicationInsights.

After only 36 minutes you will ...

- have experienced the added value that our Out-of-the-Box Insights can bring you.
- know how exactly to execute searches across the code base of your Domino applications.
- learn how to create your own code patterns in ApplicationInsights.

## Contents

- Out of the Box Insights in ApplicationInsights (AI) – 0:49
- Code Search – 4:03
  - Remarks & Formatting – 5:41
  - Code that spans multiple lines – 9:12
  - Setting the stage: Regular Expressions – 11:51
- Demo Time – 15:45
- Examples: Complex Patterns in AI – 20:19
  - What the @Db(Column|Lookup) Pattern does – 24:19
- More Details on Using Regular Expressions in AI – 31:58
- Summary of hints for better patterns – 34:29
